

Logitech USB Headset H390

A versatile headset that lets you get comfortable with digital sound.

Feeling good

You'll be comfortable with this headset thanks to the plush ear pads and padded headband that adjusts to you.

Loud and clear

The noise-cancelling microphone cuts background noise—and rotates out of the way when you're not using it.

Easy listening

You've got it easy—this plug-and-play USB headset gives you quick access to volume and mute controls.

A versatile USB headset with an adjustable, padded headband that lets you get comfortable with pure digital sound.

Comfortable design

The adjustable, padded headband and plush ear pads keep you comfortable.

Noise-cancelling microphone

You won't have to compete with background noise to be heard.

Rotating microphone

The microphone rotates out of the way when you're listening to music or watching a movie.

In-line audio controls

You can instantly adjust the volume and mute the microphone.
